It is believed that all four of the above-mentioned Subjects are acquainted with one another and that they all travelled to the PRC at the same time. Since all four of the Subjects have been identified, their employment, residence, and identifying data are known, San Francisco will maintain these individual cases in closed status. It is further noted that no derogatory information pertaining to any of above-mentioned individuals was developed in San Francisco. San Francisco believes that the Chinese American Professors' contact with LOPRC was for a legitimate purpose of travel. San Francisco will reopen these individual cases upon verification of their travel to the PRC from the DFR.

NATIONAL NEWSLETTER

US-China Peoples Friendship Association

National Office: 2700 W. Third St., Rm. 102, Los Angeles, CA 90037 (213)388-9569
Volume 1, Number 2 February 10, 1975

This is the second issue of the NATIONAL NEWSLETTER. Ten copies of the first issue were sent to all Associations with a note that, if needed, more copies would be sent. Several Associations have written asking for more than ten copies. The length of time it took for the packages to reach the Associations was a problem, but it is too expensive to mail first class. Perhaps the problem was that the first issues were mailed on December 30 during the clean-up of the holiday mail rush. We are assured that the usual delivery time for "printed matter" mail is about ten days anywhere in the country. Starting with this issue we will mail one copy first class to all Associations in addition to the bundles. We would appreciate criticisms and comments from Associations and/or individuals.

FEB. & MAR. EVALUATION AND SUM-UP PERIOD

The National Steering Committee strongly urges all Associations, during February and March, to schedule time for evaluation and sum-up. It is very easy to get in a rut, to do things in the same old way, to fall into sectarian habits of reaching only people who already agree with us, to fail to be creative and imaginative in programming, to overlook new opportunities to reach workers, minorities and unemployed with information on China's economy, etc.

It seems clear that the necessary in-depth scrutiny cannot be accomplished in two or three hours of a regular meeting. Associations should schedule sufficient time, perhaps a series of meetings, or an all-day or weekend conference. Goals and objectives, structure and membership, outreach and program - these and other areas of friendship work are in need of examination at all levels - committee, association, region, national.

MEETING AT LIAISON OFFICE

Following the January 11-12, 1975 National Steering Committee meeting, a committee of the NSC met with the Liaison Office in Washington, D.C. The committee consisted of Frank Pestana, Esther Gollobin, Norman Chance and Bernie Lusher. Items discussed included:

1. Each Association that publishes newsletters is urged to send five copies to the Liaison Office.
2. Each Association is invited to write to the Liaison Office requesting the number of copies they can use of each magazine published in the PRC and additionally they may request magazines in languages other than English.
3. The Liaison Office would like to receive copies of articles published by persons who have been to the PRC. Please mail copies of such articles to the National Office so we can make copies for our records and possible use. We will then send them on to the Liaison Office.
4. The Liaison Office would like information on how Chinese-made films are received by American audiences. Please send such information to the National Office and we will compile and send to Washington. It is also very important to indicate what the composition of the audience was for a particular showing.
5. The committee discussed the proposed tour program. (Note: Details of the tour program for the second half of 1975 will be found in the minutes of the January 11-12 NSC meeting.)
6. The committee conveyed to the Liaison Office the position of the NSC regarding Chinese-Americans' inclusion in tours. (See NSC meeting minutes.)
7. The committee expressed regrets regarding the advertisement in New China for the new John S. Service book "Lost Chance in China."

OUTREACH IS THE NAME OF THE GAME

The Atlanta Association reports some imaginative approaches to outreach.

First they decided to approach the community on subjects of great interest today - inflation and unemployment. Their newsletter featured a lead article "How China Conquered Inflation." This was run off as a one page leaflet (two sides).

Over 1000 people gathered at Martin Luther King's grave on January 15 (his birthday). They then marched downtown to protest hunger, inflation and unemployment. Over 1000 leaflets were distributed along the march. Of course, information about USCPFA was included in the leaflet.

Other possibilities are distributions at supermarkets, shopping centers, State employment offices (where people file for unemployment insurance) etc.

continuously; early application is encouraged. Information about the next tour is listed below.

In friendship,

THE TRAVEL COMMITTEE

FRIENDSHIP TOURS

Friendship Tours is the new name of the tours formerly known as "Paid Tours." Objections had been raised by several Associations and members about the old name. The NSC considered the problem at the January 1975 meeting and chose Friendship Tours.

NATIONAL ALTERNATES LIST

The NSC took action to establish a "National Alternates List" for Friendship Tours.

The problem is that several Friendship Tours went to China in 1974 without a full complement of 22 persons as authorized by China International Travel Service. There were several last minute cancellations and not enough alternates were available.

The National Office will compile a list of persons nominated by local Associations who can be added as alternates to all Friendship Tours from the three regions. They will be placed after the alternates selected by the regular regional procedure.

Obviously they must be individuals who can live in this "never-never land" of perpetual alternativeness. They must also be people who can go on quite short notice. (perhaps from a week to a month).

Interested persons should go through the local Association selection process and be approved by the regular regional procedure. The Regional Travel Committees then should furnish the necessary information to the National Office so these people can be added to the alternates list of all three regions.

NEW TOURIST GUIDE TO CHINA

The National Tours Committee is preparing a manual on travel in China which will be ready for distribution in April 1975.

If any Association would like a copy of the leaflet, the address of the Atlanta USCPFA is P. O. Box 54664, Atlanta, Georgia 30308

AN EXCELLENT TOUR LETTER

The Mid-Peninsula USCPFA (San Francisco Bay Area) is using the following tour letter. It's the best one we've seen. Of course, it goes out on their letterhead. It has been reproduced so it is available at a moment's notice without having to type it each time. (We've edited it slightly.)

Dear Friend,

of (city)

The US-China Peoples Friendship Association/periodically participates in tours to the People's Republic of China. The purpose of these tours is to build active and lasting friendship based on mutual understanding between the people of the United States and China. These tours are general tours of China and include visits to a variety of institutions. They are not designed for special areas of interest. These tours are open to members and non-members of the USCPFA.

The current price for the tours is \$_____ per person for a trip of 21 days in China. Applicants requiring financial aid will be considered.

Selection for tours is done by the local travel committee. Applications are screened by this committee and potential candidates are interviewed. The following criteria are used in the selection:

- commitment to do outreach in the community
- commitment to work within the USCPFA
- acceptance of purposes of the USCPFA tours
- balanced representation of our community
- willingness to accept group discipline in travel

People applying as couples will be considered as individuals. Each tour involves a separate selection process.

Applications are available at _____ (address) _____ or by sending a self-addressed, stamped envelope to the US-China Peoples Friendship Association. Applications are accepted

Associations may want to purchase a copy of a new guidebook to China. The title of the book is The American's Tourist Manual for the People's Republic of China, compiled by John E. Felber, and is published by International Intertrade Index of Newark, New Jersey. The 224 page manual contains information Mr. Felber derived from his own experiences in China. There are sketch maps of principal cities and route maps of the air and rail services. Sightseeing details are included as is data on meals, weather, visas, currency, transportation, and regulation forms. A chapter on the Chinese language, history, geography, and economics completes the guide.

The guide may be ordered from China Books and Periodicals in New York, Chicago and San Francisco, at the cost of \$5.95 less whatever discount is available on this publication.

**A PROPOSAL TO BUILD A NATIONAL CAMPAIGN
TO CALL FOR THE NORMALIZATION OF RELATIONS
BETWEEN THE UNITED STATES AND THE PEOPLE'S
REPUBLIC OF CHINA**

[NOTE: This proposal was submitted to the NSC at the January 1975 meeting. The NSC requests local and regional Associations to discuss the campaign proposal and feedback their reactions and additional ideas and proposals to NSC members and the National Office.]

President Ford's planned trip to China sometime in 1975 has already sparked much speculation in this country and abroad about the prospect of normalization of relations taking place as a result of this trip.

In light of this situation, the USCPFA should launch a national campaign to call for the immediate normalization of relations between the two countries. We should also call for the implementation of all steps necessary to achieve that goal.

A national campaign of this kind corresponds to the USCPFA Statement of Principles and Activities adopted at the National Founding Convention. Our basic purpose in building this campaign should be to broaden and deepen US-China peoples friendship, not normalization of relations as an end in itself. True, such a step in state relations between the two countries would also be a very significant step forward for US-China peoples friendship, opening the way for even greater contacts between our two peoples. This underlying purpose for why the USCPFA is urging normalization of relations should also be an important part of whatever principles are settled upon for this campaign.

This can and should be a broadly-based campaign. There is every reason to believe that a campaign like this can mobilize many organizations and individuals. The last few years have shown that the friendship movement is made up of people from all walks of life, sections, and classes in American society.

We will need national leadership to plan overall strategy, to coordinate and check up on the progress of the campaign. But it would clearly be the local associations' membership who will really make this campaign effective, both as a means for reaching out to many more people than before and as a call for immediate normalization of relations on President Ford's trip. This campaign can make a great contribution to the friendship movement, to the growth of the national organization as well as each local association.

One possibility for the principles that should guide our work are:

IN THE INTERESTS OF DEEPER FRIENDSHIP BETWEEN THE
AMERICAN AND CHINESE PEOPLES,

WE CALL ON THE US GOVERNMENT TO UPHOLD THE SHANGHAI
COMMUNIQUE IN EVERY WAY, AND

NORMALIZE RELATIONS WITH THE PEOPLE'S REPUBLIC OF CHINA
WHEN PRESIDENT FORD VISITS CHINA THIS YEAR.

If emphasis is placed on the Shanghai Communique, then more explanation will be necessary to explain key points, like the question of Taiwan. Or the Taiwan question should be incorporated into a principle itself. In any case, our principles should be chosen according to whether they are correct and will have broad appeal.

TAIWAN-MAINLAND CHINA TIES DATE BACK OVER 1,000 YEARS*

Two Chinese born in Taiwan and now teaching in New York State summed up the historical, ethnic and cultural links between Taiwan and the Chinese mainland in a letter published in the New York Times on October 17. The authors are K. H. Fan, professor of political science at the State University at Cortland, and C. T. Huang, assistant professor of media at York College of the City University. The text of their letter follows:

For the benefit of those who believe that historically and culturally Taiwan is not a part of China and that China and Taiwan should maintain different political identities (recent letters of Professor Major and Professor Wilbur), we (born and raised in Taiwan Province) would like to provide the following facts:

- China's contact with Taiwan can be dated back to at least A. D. 605, during the Sui Dynasty. Since then, Chinese have continually migrated to Taiwan, and thus the contact has been maintained ever since.
- China established an administrative organ in Taiwan in 1294. Instead of four of the past 79 years (as indicated by Professor Major), for all but 88 of the past 680 years (the 38 years of Dutch rule of the southern tip of Taiwan and the 50 years of Japanese rule) Taiwan has been an integral part of China.
- Except for the Kaoshan Tangpao (Mountain Brothers), the languages and the social customs of all Taiwanese are identical to those of the Minnese in Fukien Province and the Hakkanses of Fukien Province in China. Their cultural and national ties with mainland China were so strong throughout the centuries that even the 38 years of Dutch rule and the 50 years of Japanese rule did not alter their "Chineseness."
- The jubilant celebration held by Taiwanese on the occasion of the return of Taiwan to China in 1945 was the manifestation of their genuine desire to be reunited with China.
- The current Taiwan situation must be viewed as the continuation of the civil war between the Communists and the Kuomintang. There are about 20,000 Taiwanese in mainland China, and an increasing number of the Taiwan compatriots are returning to China.

As far as the United States is concerned, the only rational choice is to support the unification of Taiwan and China; all other alternatives will violate the Shanghai joint communique, which was signed by former President Nixon in February of 1972. Shortly after he assumed the Presidency, President Ford indicated that he would adhere to that agreement.

K.H. Fan, C.T. Huang, Cortland, New York, October 7, 1974

FUNDRAISING EXPERIENCES AND METHODS

The National Steering Committee has set up a National Fundraising Committee. The committee wants local Association fundraising

experiences, methods and ideas from which to develop a national fundraising program. Please send written summaries and the names of volunteers to the National Fundraising Committee, attn: Ralph Rapoport, c/o USCPFA of Chicago, 407 S. Dearborn St., Suite 1085, Chicago, Illinois 60605.

Until the Committee is formed and has an opportunity to study the problem in depth, here are some suggestions about how to raise money for US-China Peoples Friendship. The ideas came up at various regional meetings around the country, most of them at an East Coast Regional, at the fundraising workshop.

Some things to think about to get in the mood for fund-raising: why it is important to raise money for people-to-people friendship; what more money will enable us to do (buy more films, etc.); the necessity of being self-reliant and practical; giving money commits people to supporting people-to-people friendship in this one way. It is wrong to over-emphasize this aspect of our work, but so far spending too much time raising money hasn't been anybody's problem!

1. Through memberships

- Have different categories of membership to encourage those who can to give more: \$2--\$5--\$10--\$25--sustainer, supporter, etc. One association recently had someone check all categories and send in a check for \$40. Experienced fund-raisers say this probably won't happen if only one category is listed.
- Monthly pledges--for something like rent. Send people who agree to this monthly reminders.
- Special membership drives; plans for systematic renewals of memberships.
- Local sponsors might help--for example they might sign a letter to potential members who are not familiar with USCPFA work.

2. Through other regular work of the associations

- sale of literature (China Books and Periodicals gives sizeable discounts on literature from the PRC)
- admission to monthly programs: when desirable and feasible think about fund-raising as part of these events. If no admission is charged, people can pass the hat. If the building you are using says no admission can be charged, they sometimes allow "suggested contribution." Put the admission fee, if there is one, on any leaflet or poster publicizing the event.
- charge for films, speakers, pamphlets, filmstrips, slide shows when people can pay for them.
- Consider putting ads in newsletters--restaurants, bookstores, etc.

- Direct appeals at meetings--in any kind of appeal for money, if you ask for something specific (money for Greene's film on communes or money for the July rent), more is usually forthcoming.

3. Miscellaneous ideas

- Make use of universities. They often have large budgets for speakers and films--a general student activities budget, money for special well known speakers, or individual dept. money for programs (for example the history dept. might have \$500 each semester for films). A university might pay as much as \$2,000 for a speaker, which would cover that person's transportation and expenses, leaving the rest for the association. It gets the speaker to that area--where she or he can speak several other places for the association.
- Fairs: have a booth selling literature and Chinese products at a street fair or park fair; have a special crafts fair; a special sale in the association office or someone's home.
- Raffle off a product from the PRC (L.A. raffled off a camera; other suggestions are art books and artifacts.)
- Stationery, Xmas cards, note cards (several associations have done this). This will be cheaper if it is done on a regional or national basis.
- T-shirts with "Serve the People" or some other slogan printed on them.
- Friendship buttons (San Francisco and Chicago did this); bumper stickers
- Silk-screened friendship posters--with a blank space so that various announcements of programs could be written on them. [Many of these things might be handled better on a regional basis.]
- Matching funds: buy a film with a library, for example--each paying half and working out together how to use the film in the best way.
- Bazaar- Several associations put on a holiday bazaar early in December. They sold Chinese arts and crafts, literature, food, clothing, holiday cards, etc.; showed films and slide shows; put on speakers.
- Special Fund-raising event: Philly is planning a Pete Seeger concert for this purpose.

4. Getting money from well-to-do individuals

- Send out a fund-raising letter; ask people to give for something specific; ask them for specific amounts (that is, give an idea of how much is needed and what size contribution you're looking for); perhaps a well-known local sponsor could sign the letter if these people do not know much about the association. Most

cities have lists of people who give to progressive causes - you might track the lists down by asking people who work with churches, progressive political groups, anti-war organizations, etc.

- approach people individually (lunch or something) with brochures or newsletters showing the work of the association. Ask for a specific amount for a specific project. Be bold - many of these people expect to give away some of their money each year.
- matching funds - some people like to do this (for every \$50 you get for this project, I'll give another \$50.)

5. Parties

- Monthly rent parties for the whole USCPFA membership.
- Special fund-raising parties - LA had a New Year's Eve party, a welcome home party for returning Friendship Tour members.
- Fund-raising parties for wealthy people - for instance, a cocktail party. Get someone to donate their large livingroom and if possible also drinks and food; either charge people a set amount or give a pitch at the party; have a "draw" - a famous person who's been to China; a speaker who's in town for the week. (NY had one, inviting people to meet Lois Wheeler Snow). L.A. had one with Han Suyin just before the Founding Convention.

6. Dinners

- Potluck suppers; charge people \$2, say, or \$1.50 if they bring a dish.
- Dinner in a Chinese restaurant (or other restaurant) - perhaps the restaurant will donate space or dishes. Philly had a dinner in a museum. Have a brief program (a short film or speaker); could be in honor of a known guest of honor (N.Y. had a dinner for Maud Russell's birthday). Get the restaurant, decide on a menu and a price, put together an invitation list, write and mail invitations, plan the program, sell literature at the event. Giving a dinner is not too much work - not as much as it might seem.

7. Foundations

- There are a number of publications around like "The Bread Game" that explain how to get foundation money. Libraries usually have them or can get them.
- What to look for: ask around, investigate, who runs the foundation, what kinds of projects do they give for, do they give "seed" money or money for individual projects, do they attach strings, what amounts do they give?
- If one foundation likes your project and you like the foundation, ask them to help you get other funding. Some of them are quite willing to do this.
- Many impoverished groups have gotten money from progressive family foundations and other types. New China magazine got \$4,000 for library subscriptions. San Francisco got a small foundation grant to start its association. Most people are aware of the kinds of foundations that use their influence for evil purposes - that has been well documented (for example the way they tried to move into and control some women's studies programs here and there). The point is to be very careful about this - not to write off all foundations.

FEB. & MAR. EVALUATION AND SUM-UP PERIOD (continued from page 1)

Following are a series of questions to help focus the discussion. Associations might want to modify or add to these questions in light of their specific problems.

1. Goals and objectives of the USCPFA

- Are the elements of the Statement of Principles and Activities reflected in our functioning?
- Can we realistically adapt goals we would like to reach in six months, in one year?

2. Structure and membership

- Is the composition of our community reflected in our membership, i. e. age levels, workers, intellectuals, minorities, etc.? If not, what can we do about it?
- Does our structure serve to keep members informed about and involved in local Association activities?
- Does our structure serve to draw in new members?
- Does our structure provide members with a way to evaluate the work of the Association?
- How does the Association relate to the regional and national associations?
- How can regional and national functioning be improved?

3. Programming

- Does the Association program in-depth internal educationals to raise the members' knowledge and understanding of China?
- What can we do to enlarge our audiences beyond those already sympathetic to our objectives?
- Do we aim for specific audiences to match the program content? For example an Association that had Professor Joan Robinson speak, concentrated on the economic departments of several universities and was able to attract many new people.
- Do we seek out broad program co-sponsors such as an archaeology organization to co-sponsor the film on archaeological finds during the cultural revolution (as one Association did)?
- Do we publicize programs adequately?
- Does the Association have a serious fundraising program?

4. Outreach

- How can we develop a meaningful outreach program into labor, minorities, religious and other sections of the community?
- Have we fully explored how to use New China in outreach?
- Have we used the Association newsletter in our outreach program?

5. Travel

- Has the Association developed criteria for selecting delegates for Friendship Tours and activist tours?

These questions are intended as a guide, and are obviously not exhaustive. Associations will want to refine them, add to them, take their own special problems into account. Good luck and better functioning!

DRUG TRAFFIC CHARGE SHOWN FALSE

The following letter to the Editors was printed in the New York Amsterdam News on December 7, 1974.

Gentlemen:

It is to be deeply regretted by all who prize the truth that Soviet newspapers and periodicals have again resorted to charging the People's Republic of China with responsibility for the drug traffic which plagues our city and many others in the United States (New York Times, November 18).

This allegation has been made by others and has been refuted by experts. In the news columns of the Times (Nov. 21) the breaking up of a "global ring" of heroin and opium smugglers is reported.

The investigation that led to the arrests and indictments is described as "the largest ever conducted by the Federal Drug Enforcement Administration."

And what did this investigation disclose? That the drugs came through "a heroin distribution network from Bangkok, Thailand, to the United States and Canada." Not, as the Soviet Union would have us believe, from China and Macao.

Early in 1973, in the face of a similar and equally irresponsible charge, Nelson Gross, then special advisor on drugs to the State Department, found "absurd" the allegation that the People's Republic of China was engaged in the smuggling of drugs. Unfortunately, most of the media at that time ignored his judgment.

We believe that the ability of people everywhere to defend themselves against the evils of the drug traffic depends in part on their knowing its true origins.

We believe the Times has a responsibility to help make the facts known.

CHINA VISITORS LISTED

The Winter 1974-1975 China Exchange Newsletter of the Committee on Scholarly Communication with the People's Republic of China lists people from the United States who visited China in 1974.

Associations may want to contact some of these people. Some may be willing to speak; some may be cooperative in other ways; some may be interested in the USCPFA.

MINUTES - NATIONAL STEERING COMMITTEE
US-CHINA PEOPLES FRIENDSHIP ASSOCIATION
CHICAGO, ILLINOIS - JANUARY 11-12, 1975

Present: Clark Kissinger (chair, January 11), Norman Chance (chair, January 12), Esther Gollobin (recorder, January 11), Helen Ewer (recorder, January 12), Ellen Brotsky, Ruth Pickering, Ron Arundell, Aileen Holly, Ralph Rapoport, Frank Pestana, Debra Kagan, William Hinton, Helen Rosen, David Nolan, Koji Ariyoshi, Bernie Lusher.

[NOTE: These minutes have been condensed. Any local Association can have a copy of the "raw minutes" upon request.]

National Office Operations: Bernie Lusher reported on the national office functioning for the period since the Oct. 1974 National Steering Committee meeting, at which the opening of the national office was authorized.

The three months were a period of organization. A parttime secretary was employed, office space was rented, office furniture and equipment was secured - partly by donation and partly by purchase. Files were setup, procedures established, the Founding Convention Resolutions prepared and distributed, the National Newsletter begun. The work of the National Tours Committee was coordinated from the national office, a budget for 1975 was prepared, a financial report to December 1974 was issued, the technical work done on preparing the data for filing for non-profit status. Organizing possibilities were reported on in Texas and New Mexico. A new Association is in the organizing stage in New Mexico in the cities of Albuquerque, Santa Fe and other smaller communities. A longer range possibility is San Antonio, Texas.

There has been a high turnover in local Association addresses. Suggestion is that a postoffice box be acquired by local Associations. The National Newsletter's next issue (to be numbered serially from now on) will have a current list of all Associations, and will have address changes thereafter.

The first National Newsletter took approximately three weeks to reach some Associations; however it is too expensive to mail first class. In the future, each Association and NSC member will receive one copy first class, and the bundles will continue to go third class.

Only about half of the accredited Assns are sending copies of their newsletters, leaflets, etc. Bernie feels that too much of the material is sectarian and recommended that each Assn take inventory of its work in relation to various sections of the population: middle class and liberals, working people, minorities, religious groups, etc. Meetings between local Assns and NSC members would be helpful in exploring how to improve outreach. He also recommended that outreach work be considered in relation to the current U. S. scene - inflation, unemployment, the recession, etc. and that Assns be convinced about the value of fund raising, which could then be used to increase mailing lists, subsidize film showings, upgrade newsletters, etc.

It was proposed and approved that February and March be a period of evaluation and sum-up of the work of local Assns. Each local Assn is urged to schedule time to take a close look at how they are functioning, how their work can be improved, how they can strengthen their outreach programs.

Lists of convention observers will be sent to regional coordinators to send on to local Assns and organizing committees to explore organizing possibilities.

Nationally organized speakers' tours were discussed. The problem is that most speakers of stature cannot devote the necessary time to a nation-wide tour with many Assns on the itinerary. It was suggested that letters go to many persons that would speak for us asking them to let us know when they are traveling so we can use them in the area in which they are traveling. It was also suggested that some of the young people organized by Carmelita Hinton for a two month trip to China be booked for speaking tours.

The Washington, D.C. Assn forwarded a letter from the Library of Congress. Several congressmen have requested information about USCPFA. It was decided to send the Library two copies of the convention resolutions and New China, with the stipulation that they remain in the general repository for public use. Other material will be sent in the future.

A past expenditure of \$462.70 for the Provisional National Steering Committee was approved. Travel expenses for the National Publications Committee will be paid by the national. \$600.00 is owed to Guozi Shudian for 30,000 greeting cards; Assns are urged to remit proceeds to the regions. 50% is to be retained by the local Assns and the remaining 50% less expenses of packaging and shipping is to be sent in to the regions.

Lusher was confirmed as permanent executive director, with a unanimous expression of appreciation for his work.

Executive Committee: Clark Kissinger discussed several actions taken by the Exec. Comm. (Hinton, Rosen, Kissinger, Rapoport, Pestana, Holly) since the October NSC meeting. Depending on the issue they have acted or communicated with the entire NSC.

1) Kissinger and Lusher were consulted by the N. Y. Assn in connection with a response to a N. Y. Times story on USSR charges that the PRC peddles drugs. N. Y.'s letter and the original clipping were sent to each Assn. It was reprinted by the Amsterdam News, a Black weekly, and referred to in a Philadelphia newspaper. The experience with this story indicated the need to have local Assns send clippings to the national office. If certain patterns seem to be developing, it would give a better basis for responding in accordance with our "national voice" policy. The cost of a national clipping service will be explored.

2) Correspondence between the Guardian and New China committee came to the Exec. Comm. attention. For discussion and action taken see section dealing with New China.

3) Financial policy for the first paid tours was referred to the Exec. Comm. when the Tours Comm. could not reach agreement on uniform markup policy. It was decided that each region would determine their own pricing policy until the January NSC meeting.

4) Kathy Chamberlain of the New China Committee was invited to attend the NPC meeting in Los Angeles. Her expenses were paid by the national office.

5) The Milwaukee Assn requested that the Exec. Comm. write a letter to a local hospital which had denied permission for someone on its staff to go on a Friendship Tour. The Exec. Comm. declined on the ground that it was not a national voice function to intervene in a local situation.

Concern was expressed on behalf of the Northwest subregion of the West

Coast Region about insensitivity to lack of representation: smaller Assns. on leading committees. No other region reported such a concern. On motion to replace Holly with Pickering as Exec. Comm. member was defeated 9 to 5.

Reports of Exec. Comm. actions should be communicated to other NSC members and to regions, and to local Assns when practical, or summarized in the National Newsletter. Mail from national office and subcommittees should indicate whether it's going only to NSC or to regions and Assns; this will facilitate NSC members' communication with local Assns.

Tours: Lusher reported that six paid tours (hereafter named "Friendship Tours") have been allocated by China International Travel Service (CITS) for the first half of 1975 - two for each region. No reply has yet been received to Pestana's request for information about Activists Delegations. Costs of tours #1, #2 and #3 were set by regions. After considerable discussion it was decided to have a mark-up range of \$350-\$450, depending on regional decision; that there be a strong recommendation that \$200 be allocated for a travel scholarship fund for people of modest means who can reach new audiences, with the balance to be retained by each region; and that a general accounting of the tour costs be given each traveler, with the explanation that the mark-up provides for scholarships and for Assn outreach. The national office will not receive any part of the tour mark-up since it is estimated that contributions will be sufficient to cover national office expenses along with the other sources of income.

The discussion underscored the goal of our national tour policy: To send those who will honestly report back to their constituency, giving priority to those who are active or peripheral members of the Assns (on the West Coast, 40% of the travelers are in this category). It was noted that travelers cannot deduct any part of the markup as a tax deductible contribution.

Activists and community leaders tours will retain the same designation. Only the name of the paid tours has been changed to Friendship Tours.

Other 1975 tours: Pestana has requested of the Chinese Assn for Friendship with Foreign Countries that we send 24 activist tours to keep up with the rapid development of the new Assns and the potential for establishing new ones. It was urged that the National Tours Comm. and NSC members be advised of such proposals in the future. Six Friendship Tours will be requested for the second half of 1975, with the suggested departure dates of June 15, July 1, July 15, Nov. 1, Nov. 15 and December 1.

Nine additional tours were discussed. They should be national in scope, with regions recommending participants and have a particular focus. Four were chosen as priority and CITS and the Friendship Assn are to be asked to approve them:

- 1) National Friendship Tour, whose participants would meet the same criteria as other travelers, but they would be asked in addition to support our national publications programs. Rosen, Pestana and Kissinger, in consultation with the Exec. Comm., will be in charge. They will consult the regions and Assns. The idea of presenting this proposal to CITS was approved, but the allocation of proceeds was postponed until the report by the National Publications Comm. Suggested entry date: June 1.

- 2) Tours for persons of modest income (one per region) for persons in leadership positions in community and other organizations who can relate to sections of the community we are not able to reach now. Scholarships would be available

from regional funds, with the PRC hosts asked to forgo reduce land costs. Self-reliance and fund raising by the persons selected and their organizations is considered essential. A rough estimate, based upon each person selected being able to raise \$400, and the PRC costs at half the usual amount, would mean that the USCPFA would pay out of scholarship funds approximately \$1000 per person.

3) Young people's delegation: 15 young people, aged 12-16, whose parents are supportive of their participation and subsequent outreach work) plus three adult tour leaders and possibly a reporter and photographer to be sent by a national magazine such as Parents Magazine which would be asked to fund such a delegation (or certainly their participation on it). We are asking that this young people's delegation be joined by an equal number of young Chinese who are English language students. Suggested entry date: August 15.

4) Southern rural farmers, Black and white, affiliated with cooperative and other movements. National Council of Churches and Dr. Jack Geiger have contacts. Norman Chance will follow up. Recommended entry date. Recommended entry date: December 15.

Also discussed but not given priority were the following delegations: Editors of trade union publications; trade union and community center directors of retirees' programs; curriculum and social studies coordinators of boards of education in cities, districts or counties; older activists (for example Gray Panthers). In addition, local Assns can propose special delegations of community leaders by writing directly to the PRC Friendship Assn (with copies of applications sent to the national office).

Pestana, Chance, Gollobin and Lusher are to visit the Liaison Office on Jan. 16 to present delegation suggestions and to enquire if it is practical to recommend a group of friendly media people, who are usually handled by a separate agency.

Persons of Chinese ancestry CITS, in listing the Jan.-June schedule, requested that Americans of Chinese ancestry not be included in our tours. Pestana has enquired about those who have no relatives to visit. If the CITS retains this policy, we propose a special tour for those of Chinese ancestry who are active in or close to our Assns (a tour that would allow time off for visits). Assns should advise non-activist Chinese citizens or permanent residents that they should apply to the PRC Liaison office in Washington, D.C. NSC expressed the hope that the CITS and the PRC Friendship Assn give equal consideration to Chinese-American Assn activists on Friendship Tours if they do not desire to visit relatives in China.

Birmingham letter: Beth Trotman's October letter, written in connection with the recent Southern activists' delegation, was discussed. She questioned procedures by Pestana and the Atlanta Assn in deciding the timetable and composition of the group; and raised the question of whether contacts should be chosen for such an important trip before they had proven themselves. The NSC concluded that the trip had been arranged before regional and national mechanisms had been established to coordinate tours. Existing channels should suffice to eliminate such misunderstandings in the future. It was also felt that it was a proper use of tour space to send prospects who would be the nucleus of organizing an Assn. Corvallis and San Diego were cited as examples of this procedure, in which established Assn people went along with such prospects on both kinds of tours. Lusher was asked to respond to Birmingham with an explanation for the late response.

Tour packet: A draft of a tour packet for travelers and a questionnaire for applicants was submitted by Gollobin and Chance. Proposals for changes are to be sent to the national office by Jan. 25; the final version will be circulated to NSC and regional tour people. Atlanta volunteered to design and produce. Also to be circulated in the National Newsletter is a form letter to people who enquire about travel possibilities. The Tours Comm. will be preparing material for tour leaders, and guidelines and informational packets will be sent to all Assns. There was agreement that tour leaders should be familiar with Assn activities, have attended regional meetings, and understand that they have special responsibilities that may require additional and unforeseen tasks while in China. A request is to be made to CITS for a reduced rate for tour leaders. Assns will be asked for ideas on the qualities for tour leaders, the problems they will encounter and any other suggestions.

Lusher proposed that a national alternates list be prepared; of people who could substitute, on very short notice, for a tour dropout where the region had no alternates ready. He also projected the possibility, if a substantial part of the tour program for the second half of 1975 was approved, that it might be necessary to have a staff person who would combine tour coordination with other organizational tasks since the tour coordination might be too much for volunteer persons.

Publications: Koji Ariyoshi reported for the National Publications Comm. (NPC). New China issue No. 1 was not evaluated by the NPC because not enough feedback had been received from the Assns. Issue No. 2 is in the works; sound business organization of the Magazine Comm. is to be assured before undertaking issue No. 3. The figures submitted to NPC were updated: \$10,400 presently on hand (including \$1100 from escrow account from 1100 subs which represents 1/4 of sub money for 1/4 of the year's subscription for issue No. 2, first issue of the year's sub). Estimated cost of printing and distributing 15,000 copies of issue No. 2 is \$9,000. About 4,500 copies of issue No. 1 have been sold, with several thousand in the hands of Assns and commercial distributors.

NSC members made various proposals for circulation and Assn feedback: new subscribers should be given a free copy of the trial issue; the trial issue, after issue No. 2 is published should be sold for 50¢; regional coordinators should check sales; subs can be offered in combination with Assn membership at a saving to the subscriber-member; counties and districts sometimes have central distribution points for libraries and high schools.

New China now has a volunteer bookkeeper and a commission ad salesperson. A member of the editorial board is traveling in the East and Midwest to visit Assns and subscribers.

The discussion also acknowledged a lack of confidence on the part of some Assns in the NPC, but several NSC members felt that the minutes of the last NPC meeting would dispel some negative feelings. Several people felt that the NPC should supervise but not perform an editorial function; a "double editorial board is unworkable." Most people agreed that the convention resolution mandated some degree of "watchdog" function, although there are different interpretations of the national resolution on the magazine's four issues and the safeguards to be instituted. Debate on this question will no doubt continue until the next convention unless the magazine ceases to publish or drastic changes are voted.

Resolution was passed to thank the NPC for carrying out the convention mandate, to express confidence in the magazine staff, and thank the Assns for selling

Guardian correspondent. : Shortly after the Founding Convention, the New China Comm. sent a letter to the Guardian, taking issue with some aspects of the coverage of the convention. The Guardian Coordinating Comm. responded and sent a copy to the NSC. Kissinger communicated with the Magazine Comm., reminding them about guidelines on national voice, and Kathy Chamberlain replied for the Magazine Comm. that her committee had not been too sure of the guidelines and wanted more clarification, but that they still held to their criticism of the nature of the original Guardian account of the convention.

In the course of the discussion there was agreement that the New China Comm. had not only not followed the procedures established at the convention, but had also inappropriately given the appearance of speaking for the national organization. No subcommittee should act independently or become involved in polemics that may hurt the friendship movement. Norman Chance will convey these points and Rosen will contact the Guardian to point out that this was not a national organization communication and to express regret. Several people noted dissatisfaction with Kathy's response and felt that mention of the correspondence should have been included in the NPC report in the National Newsletter.

New China ad (page 4): The Service book ad, which offended readers in China, was considered an honest error and the NPC decided (3 to 2) not to mention it in the next issue. Pestana will send a letter in the name of the NSC to the Friendship Association, expressing regret that the two-China image was reflected in the ad and noting the historical context of the book. The author is enroute to the PRC and the publisher has just returned.

Pamphlets: In suggesting topics for pamphlets, the NPC tried to fill gaps, as reflected in the resource questionnaire circulated to Assns and in questions posed by audiences to speakers. The following five subjects were decided upon as priority topics: the friendship movement, Taiwan province, political freedom of the Chinese people, the national minorities of China, the struggle of the Chinese people against narcotics. Lusher will try to coordinate pamphlet publication. Suggestions for writers, etc. should be sent to the national office. \$500 was appropriated for Feature Placement Service, which Claire Hirsh of Los Angeles Assn will coordinate. This program will coordinate securing persons to prepare and write articles and attempt to have these articles printed in magazines and newspapers.

Northwest Subregion request: A letter requesting a change in NPC composition was received from the Northwest Assns, so that differing views could be represented. Discussion indicated that the NSC felt that differing views were now represented on the NPC. Vote to retain present membership was 12 for, 1 against, 3 abstaining. The minutes of the NPC meeting do not reflect much of the discussion and struggle which took place regarding New China. The NPC will in future reflect this in their minutes.

Report of Organization, Expansion and Accreditation Comm.: Ellen Brotsky reported on the work of the comm. since the October NSC meeting.

The Accreditation Guidelines which went to all Assns in the National Newsletter were developed in the West Coast Region. The formal adoption of guidelines will take place at the next convention. Feedback from some local Assns plus discussion

of the NSC indicated the following reactions:

- 1) Perhaps stipulating 10 or more members and six months of program outreach activity is too mechanical.
- 2) Locals visited prior to the NSC meeting responded favorably to the proposed guidelines.
- 3) Suggestion was made that an organizing group use the name "Committee to Organize USCPFA" prior to its accreditation.
- 4) Suggestion that an organizing group attend a regional meeting as an observer to get acquainted and help them make a decision as to when to ask for accreditation.
- 5) Each region should set up an Organizing Committee to help new groups organize and implement accreditation guidelines when they are formalized.
- 6) New groups need supervision and encouragement. The guidelines should incorporate both of these elements.
- 7) Key to guidelines is local practice and regional evaluation.
- 8) The Statement of Principles and Activities should be listed at the beginning of the guidelines.

The following new Associations were recommended by the regions for accreditation: West Coast - Eugene, Oregon; Santa Barbara, California. Midwest - Cleveland, Ohio; Columbus, Ohio; Mount Pleasant, Michigan. East Coast - Central Connecticut Valley; Ithaca, New York. Unanimous approval was voted. The national office will formally notify the Assns.

Hong Kong request: The national office and one member of the NSC have received letters from a group of Americans in Hong Kong inquiring about their group affiliating with the USCPFA as a local Assn. It was decided that it would not be appropriate for the USCPFA to have local Assns outside the boundaries of the U. S. It was suggested that they could form a Friends of China group as has been done by Americans in Europe. The national office will communicate our decision to them.

New forms of local and regional structures: The Los Angeles Assn is developing "Chapters" on various campuses and neighborhoods within the city. The main function of these groups is programmatic. This is still in the experimental stage and still to be decided is whether these chapters will evolve into separate local Assns if they meet the guidelines for Assns or if there will continue to be a Los Angeles Assn with several Chapters. Early evaluation is that this seems to be a way to involve many more people in friendship activities than previously.

The West Coast Region has set up three subregions: Northwest, San Francisco Bay Area-Fresno, Southern California-Arizona. This is to encourage cooperation among local Assns that are near one another and to increase participation in the regional structure.

Further work needs to be done on the "How to Organize an Assn" kit. The regions were asked to sum up their organizing experiences and send to Brotsky. The regions are responsible for organizing expenses in organizing new Assns; however, if an NSC member can assist in organizing a new Assn by stopping off on the way to the NSC meeting, the national will pay extra expenses of going to the NSC meeting. The NSC member should have the approval of the region and national office in advance.

The national office will send the names of convention observers to the three regions for exploration of possible organizing of new Assns.

The letter concerning the ad on page 4 of the first issue of New China was read and approved. It will be hand delivered to the Liaison Office when the NSC committee visits the Liaison Office.

Proposed National Campaigns and the Status of Local Assn Work: Various Assns have suggested the idea of a national petition and/or educational campaign around the normalization of relations between the U.S. and the PRC. A proposal for such a campaign written by a member of the San Francisco Assn was presented. It was decided to ask that the rather long document be rewritten in summary form and included in the next National Newsletter for discussion by local Assns. The NSC approved in principle the idea of a national campaign for normalization of relations between the U.S. and the PRC. Implementation will be discussed at the next meeting if local Assns like the idea.

Local Assn work: A general discussion about local Assn work made these points:

- 1) Key priority now is to strengthen local Assn work.
- 2) The national Assn cannot move ahead without strong local Assns.
- 3) Some local Assns lack vision and enthusiasm, and their outreach is not as broad as it can and should be.
- 4) It is important for NSC members to travel to local Assns to learn about what Assns are doing and to help them examine their work.
- 5) The West Coast Region has a questionnaire to help local Assns evaluate their work.

It was decided that all local Assns would be asked to have a thorough evaluation of their work during February and March. The West Coast questionnaire will be revised and included in the National Newsletter to help with these discussions. NSC members will visit all local Assns in their regions to help with the discussions. A written summary of these visits will be sent to NSC members two weeks prior to the next NSC meeting. This will help NSC members to understand the local Assns and help to plan the next convention.

Speakers' tours: It was decided to begin work on a national speakers bureau. The national office will coordinate.

Guardian ad request: the NSC has received a request to place an ad in a special issue of the Guardian on Viet Nam. It was decided to place the ad and to include the Statement of Principles to indicate the connection of USCPFA to the subject of the special issue. Lusher and Gollobin are responsible.

1975 National Convention: It was decided to hold the 1975 national convention in the Midwest over Labor Day weekend. The Midwest Region NSC members will investigate possible locations and make recommendations to the next NSC meeting. Tasks are arranging for speakers, organizing workshops, development of material for prior discussion in local and regional Assns, etc.

A Convention Planning Committee was set up of Rapoport, Nolan and Arundell from the NSC, plus two persons from each region, plus Lusher ex officio. If this committee decides it must meet, the Exec. Comm. will consider the request for travel money.

Other committee reports: Tax exemption - Frank Pestana reported that in accord

ance with necessary legal procedures, a California corporation had been set up and state tax exemption filed for. That should be approved shortly and federal approval should be easy and quick after that. It was decided that regional organizations be included in the application. Information will be sent to the local Assns about book-keeping records.

Resources - Ewer presented the summary of the resources questionnaire which have been returned. This information should be included in the National Newsletter or prepared as a brochure. The Midwest Region will take over the tasks of this committee.

Media - The comm. is currently developing media guidelines to be included in the Friendship Tour's packet. They are in the process of finding out what media resources are available from local Assns and other places. It was decided to allocate \$100-\$150 to the comm. to collect video tapes, tapes of slide shows, etc. and to begin duplication of them for national distribution.

Health - this comm. is being developed by Helen Rosen. A list of doctors who have been to the PRC was distributed to NSC members. Rosen should be contacted about these people in regard to their addresses and what is known about them. Rosen is to be notified within two weeks if anyone is to be scratched from the list. It was suggested that a summary of the Health Committee go into the National Newsletter.

Fundraising - Rapoport reported that the best fundraising activities in Chicago has been through substantial contributions and the sale of Chinese merchandise. The committee will try to have a report ready for the next NSC meeting.

National Sponsors: A list of potential sponsors has been developed. This list will be distributed to NSC members for approval before people are approached. Potential sponsor's names should be solicited from local Assns through the National Newsletter. All sponsors will be approved by the NSC.

Miscellaneous items

Budget - it was felt that the travel expense item might be low. The question was raised as to whether the income should show the amount of money the regions pay for their share of the NSC meetings and the expenditures should show the total amount spent for travel which would include the money the regions pay to the national. It was felt that this would be a distortion since this is simply "pass through" money and is neither a national expense or a national income. However, in order to indicate this takes place, the budget and financial reports will take this matter into account. The budget will be reviewed and revised at each NSC meeting since we are functioning without a history, in effect, upon which to base budget estimates. The budget was approved with the above addendums.

National Friendship Tour - It was decided that if this trip is approved, the income will be used for national publications. Since we do not as yet have approval of the

trip, and since the overall financial picture for all national publications is not clear as yet, it was decided to postpone the decision on allocation of the funds.

Discussion on a national symbol was postponed until the next NSC meeting.

Next NSC meeting - an invitation from the Atlanta Association to hold the next meeting of the NSC in Atlanta was accepted. The date is April 18-19-20. Commas should arrange to meet Thursday evening (April 17) and the NSC meeting will begin Friday morning. Since it is more expensive to meet in Atlanta than in Chicago, it was decided that an attempt would be made to schedule NSC members for speaking engagements in the area to help defray the cost. Nolan took responsibility to coordinate this. It was tentatively decided to hold the following NSC meeting in Seattle in July.

"I'VE BEEN TO CHINA -- ANY QUESTIONS?"

The East Bay Association (Oakland and Berkeley, California and surrounding communities) had a great idea for their holiday bazaar. Members and supporters who have been to the PRC wore name tags with this question printed under their names: "I've been to China -- any questions?"

INTERNATIONAL AFFAIRS

This Soviet gift is still kept in the garden at UN Headquarters, but it now serves only as a symbol of eternal mockery.

On the third day of the session, the New York TIMES reprinted a report first printed in its February 3, 1932, issue on the disarmament conference at the then League of Nations. An article appeared together with the reprinted page comparing the former and the present meetings. Under the title: "Disarmament Efforts: Unpromising History," the article points out that the League's disarmament conference was followed only five years later by the beginning of World War Two despite all the high-sounding disarmament discussion.

In a speech at the session, Sierra Leone's foreign minister, also recalling this event in history, asked: "Dare we hope that the same fate which befell the Geneva World Disarmament Conference 46 years ago will not attend our present meeting here in New York?"

It is understandable that people may have expectations of the just-concluded session, but they are not likely to relax their vigilance. Through the session, they have come to see more clearly that it is barely enough to postpone the outbreak of war by asking the superpowers to disarm. This aim can only be attained if the people of all countries are united and carry out a tit-for-tat struggle against the superpowers in various fields.

VICE PRESIDENT MONDALE'S TRIP TO EGYPT NOTED

ON040844Y Peking NCNA in English 0835 GMT 4 Jul 78 OW

[Text] Cairo, 3 Jul (HSINHUA)--U.S. Vice-President Walter Mondale returned home this evening after a short visit to Alexandria, Egypt. Mondale arrived in Alexandria after a tour of Israel. The purpose of his visit to the Middle East was to further promote the peaceful negotiations between Egypt and Israel. President Anwar as-Sadat held talks with the U.S. vice-president.

A press conference was held by both parties after the talks. President as-Sadat announced his agreement to U.S. President Carter's proposal that the foreign ministers of Egypt, Israel and the United States would meet in London this month to move the process of peace forward. He also said that Mondale would carry back to Washington the proposals of Egypt about ways to resolve the Middle East problem. He said Mondale told him about the results of his talks with Israel. President as-Sadat further announced: "I did not lose my confidence in the Americans in their support to peace."

T' IEN Chang-lin (M)

The United States proposed to return them to Japan and protests were made by those in the United States who claimed the islands rightfully belonged to the PRC.

[redacted] also known as [redacted], a self-admitted member of TYT, was interviewed by a Special Agent (SA) of the FBI on October 9, 1973, and characterized TYT as a very loosely knit organization of interested persons throughout the United States, most of the original members being students in the United States from Taiwan, and having a current role of trying to understand "New China" and trying to change their thinking toward socialism by study. Study materials used are mostly from the PRC via Hong Kong. [redacted] admitted that members of TYT do not feel any loyalty to the United States, but consider their loyalties with China. However, only about 20 per cent of those in TYT are actually strongly inclined toward Maoist socialism.

Recipient offices are requested to handle in accordance with Section 105N, Manual of Instructions, pertaining to contact cases. The immediate objective of investigation is to identify subject and determine his employment as early as possible. Determination may be made as to potential source or security risk factors. Since the purpose of the contact must be assumed to be legitimate and devoid of intelligence significance, this determination should not be regarded as an immediate investigative objective.

b1

(C) In view of the sensitive nature of coverage afforded [redacted] it is essential that subject not become aware of our investigative interest. Information from this source should be carefully protected to prevent any unauthorized disclosure. Discretion must be the governing factor in any investigative action undertaken. Investigation to accomplish the initial objective should be through established sources only.

If initial investigation develops sufficient information to permit evaluation as to source potential, or security risk, the Bureau should be advised by letter either closing the case, or making recommendations for further action deemed appropriate, on a UACB basis. Subjects should not be interviewed without Bureau authority (except for Chicago, New York and San Francisco) and requests for same should be highly selective.

Copies of all correspondence reporting results of investigation should be furnished WFO. No copies should be designated for WFO file 105-116046 Sub M, however.

(C) Should it become necessary to disseminate any information from [redacted] the communication should be classified "Confidential", since such information derives from highly sensitive coverage of [redacted].

b1

(C) Any such LHM should indicate that subject was in [redacted] and should also include the following paragraph: "In view of the sensitive nature of the source, this information should be used for background purposes only. No reference to this information should be made during any subsequent action concerning this individual."

(C) On September 19, 1973, SF T-3 advised that TIEN Chang-lin had been in [REDACTED]

Tien, a professor at UCB, was slated to chair a conference held by the American Institute of Aeronautics and Astronautics during January, 1974. Tien assured [REDACTED] that no representatives from Taiwan would be present at the conference and indicated he hoped the PRC would have representatives present. Tien said the meeting would be geared to China's situation. [REDACTED] told Tien that details on the conference had been sent to Peking.

the FBI on October 9, 1973, and characterized TYT as a very loosely knit organization of interested persons throughout the United States, most of the original members being students in the United States from Taiwan, and having a current role of trying to understand "New China" and trying to change their thinking toward socialism by study. Study materials used are mostly from the PRC via Hong Kong. [] admitted that members of TYT do not feel any loyalty to the United States, but consider their loyalties with China. However, only about 20 per cent of those in TYT are actually strongly inclined toward Maoist socialism.

Re: [REDACTED]

It is noted that [REDACTED] and TIEN are scientists and could logically be approached under the Chinese scientist program. It is noted further that [REDACTED] has been interviewed in the past and was cooperative. The Bureau feels that these individuals should be considered for interview.

You should reopen your cases on these individuals and consider the desirability of interviewing them. If you decide in the affirmative, you should be guided by appropriate provisions of the Manual of Instructions and furnish specific background information to accompany your request for authority to interview them. In the event that you feel that an interview would not be desirable, you should set forth specific information for your decision. You should additionally review provisions of the Manual of Instructions with regard to conducting investigations at institutions of learning and you should confine your inquiries to established sources only. The Bureau notes that TIEN has been [REDACTED]

[REDACTED] Among the social affairs arranged for there was a dinner attended by over 30 persons who included a number of professors in the San Francisco area. Review of Bureau files concerning them shows that [REDACTED], TIEN, and [REDACTED] traveled to the PRC as part of a delegation of Chinese American professors. Investigation to date has not revealed any information which would preclude interview of [REDACTED] and TIEN, and [REDACTED] has already been interviewed with Bureau authority. Bureau authority is requested to interview subject in accordance with existing instructions relating to interviews of security subjects. Care will be exercised to protect the original source in this matter. No direct questions will be asked during the interview which will disclose to the subject the identity of the official or the establishment contacted, the method used in the contact, or the fact we are aware of the contact. The interview will be conducted in a manner so that the subject will volunteer the details of the contact. If this subject is cooperative, no affirmative steps will be taken during the initial interview to direct his activities, but a separate communication will be directed to the Bureau setting forth the results of the interview and requesting authority to recontact the subject as a potential security informant or double agent.

Letter to San Francisco
Re: TIEN Chang-lin
105-247998

It is noted further that subject is Taiwanese and has expressed views concerning the unification of Taiwan, which could logically be expected to attract favorable attention and interest by the PRC. You should refer to Bureau letter 5/12/75, captioned "Visitors to Communist China, IS - CH" for further comments in that regard.

Generally speaking, the Bureau feels that there are a number of areas which should be gradually explored further with subject. The Bureau understands that this cannot be accomplished in a single interview, and that it will be necessary to cultivate subject slowly. You are instructed to reopen your case and to attempt to explore some of the areas set forth above which are illustrative, but not necessarily all inclusive. If you decide to designate subject as an informative asset, you should furnish the Bureau with the symbol number assigned to him. Any information of interest you obtain in the future should be in letterhead memorandum form suitable for dissemination.

NOTE:

Subject, who was born 7/24/35, Hankow, China, is a professor of mechanical engineering at the University of California at Berkeley. He is a United States citizen and is in apparent good health. He has come to our attention in the past on various occasions stemming from his visit to the PRC in 1973 as part of a delegation of Chinese-American professors, and also as one of those attending an honorary dinner given for [redacted] and others who had stopped in San Francisco while returning to the United States from home leave in the PRC. San Francisco recently interviewed subject with prior Bureau authority and has submitted results of that interview with a closing letter. It is felt that there is considerably more to be gained through a gradual and in-depth cultivation of subject.

 He was very friendly and straightforward and
indicated he is willing to be contacted again to assist
the Bureau by furnishing information which accrues to
him through his work and contacts. He has neither the

Nature of interview was to introduce interviewing

ALL INFORMATION CONTAINED

DATE 03-30-2010 BY UC60322LP/PLJ/CC

TIEN Chang-lin,
CTC 3944/7022/7207
Also Known As
Chang L. TIEN

TIEN Chang-lin is a Professor of Mechanical Engineering and Chairman of the Department at University of California at Berkeley (UCB). He resides at 1425 Grizzly Peak Boulevard, Berkeley, and has his office in Room 6195 Etcheverry Hall.

Professor TIEN was interviewed by a Special Agent of the FBI on September 26, 1975. He stated that he has traveled to the People's Republic of China (PRC) on two occasions and is acquainted with a number of scholars and scientists in that country.

TIEN stated he is also acquainted with several persons who serve in the Liaison Office, People's Republic of China (LOPRC) and People's Republic of China Mission to the United Nations (PRCMUN).

TIEN stated that coming from Taiwan where he attended Taiwan National University, he was originally of a strong anti-communist bent. He, however, has come to feel that the communist government of the PRC has rooted out many of the social problems of that country and has been generally effective in promoting policies which have been beneficial to that society. He cited the availability of medical treatment as being the foremost example in this regard.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

105-247998-20

ENCLOSURE

TIEN Chang-lin,
CTC 3944/7022/7207
Also Known As
Chang L. TIEN

TIEN said that he does not promote the communist system as being of benefit to the United States or anywhere else. His concern as a Chinese is that whatever system is running China, it should try to achieve as much social justice as possible and to overcome problems which have plagued China for centuries.

TIEN stated that he is unaware of any individual or group in the San Francisco Bay Area having a direct relationship with LOPRC or PRCMUN. He knows of no one receiving any funding from the PRC or furnishing any sensitive or classified information to the PRC.

He noted that there is an exchange of information among U.S. and Chinese scholars, but is certain that none of this information from the Berkeley area is sensitive or classified.

Re: Tien Chang-lin
105-247998

NOTE:

Subject, was born 7/24/35 in Hankow, China, is chairman of the Department of Mechanical Engineering at the University of California at Berkeley. He has been interviewed on several occasions with prior Bureau authority and has been cooperative to a certain extent. San Francisco advises, however, that subject has not been completely cooperative in discussing certain contacts which he has had with the LOPRC and which are known to us through sensitive WFO sources. We agreed with San Francisco that subject does not appear to have any potential at this time.

TIEN Chang-lin
CTC 3944/7022/7207
Also Known As

In February, 1976, Professor TIEN Chang-lin, Chairman of the Mechanical Engineering Department, UCB (University of California at Berkeley), advised that he

as they feel such support will influence other overseas Chinese throughout the world.

b1

(C)

[REDACTED]

TIEN stated that he does, in fact, support the PRC Government as the legitimate government of the Chinese people and feels they have done a reasonably good job for the people of China.

TIEN said he recognizes that there are considerable problems still existing in China and that as a Chinese-American, his primary objective in his support of the PRC is to minimize possible misunderstandings between the United States and the PRC in hopes of stabilizing the world political situation and promoting world peace. SF T-1 stated that TIEN also realizes that he is attractive to LOPRC personnel because he is the Chairman of the Mechanical Engineering Department at a prestigious university, is Chinese and quite youthful. At the age of 40, TIEN enjoys considerable support from among Chinese students and professors at UCB. TIEN expressed the thought that he and other professors of Chinese origin who are being "wooed" by PRC personnel are enjoying "gaining face" among Chinese in the United States.

TIEN said he has promoted PRC interest in the United States by participating in groups which encourage

the study of the PRC and which seek to promote a better understanding of the PRC among persons in the United States.

The following are additional observations of.
Professor TIEN:

During the past year there has been an overall apathy on the part of Chinese students at UCB towards the PRC. This apathy has troubled some of the more radical pro-PRC activists. However, there is currently no central issue, such as possession of the Tiao Yu Tai Islands or the Vietnam War, around which to unite Chinese students.

There has been during the past six months a great upsurge in pro-Republic of China (ROC) activity at UCB. This, Professor TIEN feels, is because UCB is the campus in which the greatest number of professors of Chinese origin have a pro-PRC political stance. It appears that the ROC intends to make UCB their battleground and they have been pushing very hard to promote the ROC among Chinese students. Two organizations which are active in this effort are a Chinese group in the International House and a club known as Ching T'ao She (7528/3447/4357). TIEN stated that he was recently contacted by the UCB student newspaper, "The Daily Californian" concerning allegations that there were paid ROC agents working on the UCB campus intimidating overseas Chinese students away from pro-PRC politics. He said that he did not mention any specific individuals in this regard.

The only pro-PRC organization on the UCB campus at present is Students for a Better Understanding of China (SBUC). Professor TIEN indicated that the Chinese Student Association (CSA) at UCB is neither pro-PRC nor pro-ROC.

(C)

[REDACTED] He does not feel that either is involved in active collection of sensitive or scientific information, but does feel that both are active in persuading Chinese in the United States towards the PRC.

Professor TIEN feels that one of the major problems facing the PRC is their inability to reconcile their need for development of experts in science and to increase the performance of their academic system with their ideology. Professor TIEN acknowledges that should the PRC take a leftward swing politically, they would lose a great deal of support, if not most of their support, from among Chinese students and academicians in the United States.

[redacted] was born in Mainland, China, [redacted] in a Chinese Army. However, they moved to Taiwan in 1947 before the revolution occurred.

When [redacted] arrived at University of California, Berkeley, he was invited to attend meetings held by Chinese students on campus. However, he soon recognized that the philosophy of this group had strong tendencies toward the philosophy of MAO. They continually supported the liberation of Taiwan and the unification of China under the direction of PRC. [redacted] became disenchanted and did not attend any additional meetings. Approximately one year ago, [redacted] to help one another make an easier adjustment to life in the U.S. He managed to obtain the assistance of [redacted] at the International Student House on campus. Subsequently, this organization has grown quite successfully. For instance, they had approximately 400 people attend their Christmas Party last year.

b6
b7C

Countering [redacted] organization, which is called [redacted] [redacted] is a group of Chinese students from Hong Kong, Taiwan and American born Chinese who support MAO's philosophy. [redacted] estimates there are approximately five to ten Taiwan students who are active members in the particular group. He identified the two most active and most vocal as [redacted] (SFfile [redacted]) and [redacted] (SFfile [redacted]). [redacted] and [redacted] have traveled to the PRC.)

All paragraphs herein are classified "~~Confidential~~."

On January 11, 1978, SF T-1, contact with whom has been insufficient to determine reliability but who was in a position to receive such information, advised that a meeting of the Students for a Better Understanding of China (SBUC) was held Sunday evening, January 8, 1978, at Evans Hall, University of California at Berkeley, California (UCB). The meeting was comprised of approximately 70 university students, most of whom came from Hong Kong. There were ten speakers, five of whom were identified as professors at UCB.

The theme of this meeting focused on research and education in the People's Republic of China (PRC) and what assistance Chinese in the United States can provide. The consensus of the participants was to organize into small teams of specialists to collect technical data over a long term basis for the PRC. Specific suggestions were cited as:

On January 19, 1978, SF T-2, an asset who has provided reliable information in the past, advised that the Chinese American Institute of Engineers, San Francisco, California (CAIE) has formally defined the following requirements to be met for CAIE members to visit the PRC as part of a CAIE tour group:

CAIE is a social organization of student and professional engineers of Chinese decent.

I. QUALIFICATIONS

1. All travellers must be a "Full Member in good standing."
2. Specialists in a field of science or engineering considered to be of great interest to the PRC will be given first priority.
3. All travellers must be willing and be prepared to participate in seminars and engage in panel discussions in the People's Republic of China.

II. TOUR CONDITIONS

1. All members shall prepare presentation for seminars.
2. All participants are required to submit outline of his or her specific topic of presentation to the travel committee for review and inclusion with his or her application for visa.
3. All participants are required to engage in mock-seminars prior to the tour.

5. Based on past experience and implication from the PRC's Liaison Office in Washington, D.C., the chance of getting two separate groups into China per year is quite remote. Therefore, only one seminar tour is scheduled and participants must be willing to go whenever his or her visa is approved. If the individual's visa is not granted, the deposit will be returned. If the individual decided to drop out of the tour, the deposit will not be returned.
6. The Travel Committee and CAIE will not be held liable for non-issuance of visa or visas by the People's Republic of China.
7. The Travel Committee reserves the right to refuse any person to join this tour if he or she fails to meet the above qualifications and conditions.

HAN T'ANG MURAL EXHIBITION
IN THE UNITED STATES

All information contained herein is classified
"Confidential".

PREDICATION

This investigation was predicated on information received from SF T-1 in September, 1976, that the Chinese Culture Center (CCC) in San Francisco, California, planned to display recent archeological discoveries of the People's Republic of China (PRC), particularly several paintings which were found on the walls of caves in China. This exhibition was to be shown in San Francisco during the early part of 1977. Inasmuch as this exhibition was to be similar to the earlier PRC Archeological Exhibition which was displayed in San Francisco during the summer of 1975, investigation was initiated to follow this exhibition and to assure that any potential violations under the Bureau's Protection of Foreign Officials Statute would be expeditiously brought to the Federal Bureau of Investigation's (FBI) attention and thereafter appropriately handled.

HAN T'ANG MURAL EXHIBITION IN THE UNITED STATES

I. BACKGROUND

During November and December, 1976, SF T-2 advised that the PRC had loaned a quantity of ancient Chinese murals to certain people in the United States for exhibition. The murals would first be displayed in Boston and then in San Francisco. Liaison Office, People's Republic of China [redacted] represented the Chinese and saw to it that the exhibition was set up properly.

b6
b7C

Public literature pertaining to these murals identified them as the Han and T'ang Murals from the People's Republic of China. This exhibition was to display 141 copies of murals which had been discovered in ten tombs in China's northern provinces by Chinese archeologists during the past 25 years.

The Han T'ang Mural Exhibition was first displayed in the United States at Boston, Massachusetts, where it opened October 4, 1976 and ended on or about November 21, 1976. During its showing in that city, it was attended by [redacted]

II. SAN FRANCISCO DISPLAY OF THE HAN T'ANG MURAL EXHIBITION

A. Preparations

In October, 1976, SF T-3 advised that the DeYoung Museum in San Francisco, which had displayed the earlier PRC Archeological Exhibition, had refused to be the showing place for this exhibit. This asset advised that [redacted] the [redacted] of the Chinese Culture Center (CCC), was attempting to line up financial support for the exhibit through subscriptions by well-to-do people in San Francisco. There appeared to be some problem with housing the exhibit outside a bonafide museum, which SF T-3 believed to be related to insurance problems.

HAN T'ANG MURAL EXHIBITION
IN THE UNITED STATES

On December 7, 1976, SF T-4, a source who is knowledgeable regarding cultural matters in the San Francisco area, advised that he was aware that the Han T'ang Mural Exhibition was to be shown in San Francisco from January, 1977 through the middle of March, 1977, at the Chinese Cultural Foundation of San Francisco, 750 Kearny Street, San Francisco, California. This source said that this exhibition was originally planned for display in Boston, Massachusetts only, but through the efforts of [redacted], and by virtue of her close association with [redacted], she was able to bring this exhibition to San Francisco.

b6
b7c

Publicly available literature printed by the CCC identifies the Chinese Culture Center of San Francisco as a major West Coast community cultural center promoting the appreciation of Chinese culture as part of the rich multi-ethnic heritage of the United States. Founded in 1965, it is dedicated to developing and presenting the best of Chinese and Chinese-American performing and visual arts and educational programs. Chinese-American heritage is a major concern. It is a non-profit, non-political organization.

On December 15, 1976, SF T-5 advised that the CCC would not hold its annual New Year's Party at that location this year due to extensive remodeling then underway. The Center was then in the process of spending approximately \$10,000 redecorating in order to adequately accommodate the forthcoming Han T'ang Mural Exhibition from the PRC which was scheduled for January, 1977.

B. Display Schedule

The Han T'ang Mural Exhibition, according to the January 26, 1977 issue of the San Francisco Chinese newspaper "East-West," would open in San Francisco on January 29, 1977 at the Chinese Culture Center, 750 Kearny Street. The Center would be open Tuesdays through Sundays, 10:00 a.m. to 6:00 p.m. and hours would be extended to 9:00 p.m. on Thursdays.

C. Financial Support

On January 19, 1977, SF T-15 advised that San Francisco [redacted] had started a committee to collect donations for the Han T'ang Mural Exhibition.

On February 10, 1977, SF T-5 learned that the money received from the January 26, 1977 banquet at the Empress of China Restaurant, plus other donations, totaled almost \$80,000. Of this total, the CCC received an unspecified amount to defray the redecorating and related expenses incurred in showing the Han T'ang Mural Exhibition. This asset also learned that the CCC made over \$30,000 on their own by exhibiting the Han T'ang Murals.

According to SF T-7, a "no host" cocktail party
would be held at the CCC on January 26, 1977, from 6:00 to
8:00 p.m. This party would serve as a preview for the Han
T'ang Mural Exhibition which was to open officially to the
public on January 29, 1977. [redacted] and [redacted]
were to attend this party. Afterwards, the two LOPRC officials
would be guests at a \$50.00 a person banquet at the Empress

Subsequent discussions with SF T-5 determined that [] also attended the above banquet. Tickets to this dinner were sold for \$50.00 apiece. Approximately 450 people attended this banquet and of this total, approximately 300 were caucasians and the remaining 150 were Chinese.

Each table at this banquet seated ten individuals. Of the \$500.00 total for each table, the restaurant charged \$140.00 for preparing the dinner. The remaining \$360.00 went to the sponsors for this banquet. There were approximately 45 tables at the Empress of China banquet.

The February 2, 1977 edition of the Chinese language newspaper "San Francisco Journal" contained the following translated article concerning this banquet at the Empress of China Restaurant on January 26, 1977:

The opening of the exhibition featuring Han-Tang (Dynasties) wall paintings from the People's Republic of China opened here on January 29th ('77) at the Chinese Cultural Center in Chinatown. In three days, more than three thousand people attended the exhibition.

b6

On January 27, 1977, [] and his companion, [], began their day with a walk through San Francisco's Chinatown which lasted approximately 30 minutes. Upon completing their morning walk, they returned to the Holiday Inn where they had breakfast at that hotel's second floor restaurant. They later returned to their room and at mid-morning departed to meet [] for a brief tour of San Francisco.

b6
b7C

[] driving his personal automobile, a [] bearing California license [] drove [] and [] to some of the highlights of San Francisco including Coit Tower, across the Golden Gate Bridge, through Marin County, across the Richmond Bridge, and then returned through the East Bay to San Francisco via the Oakland Bay Bridge. They returned to San Francisco at approximately 1:00 p.m.

b6

During their trip through San Francisco's East Bay, along Interstate Highway 80, surveilling Special Agents noted another vehicle which appeared to be keeping pace with [] vehicle. This vehicle appeared particularly noticeable in that [] customarily drives 35-40 miles per hour, whether on city streets or interstate highways, and this vehicle remained behind [] automobile for an approximate stretch of ten miles. All other traffic on the freeway was then travelling at the posted speed limit of 55 miles per hour or above. This vehicle stayed with [] vehicle from the vicinity of the Richmond Bridge to just before the Oakland Bay Bridge where it veered and continued to Oakland.

Inasmuch as it was somewhat usual for an automobile to travel at such an inordinate slow rate of speed on a busy California freeway, particularly when immediately preceded by an automobile containing two PRC diplomats, Special Agents noted this vehicle's license. They also noted that this vehicle, a [] sedan, bearing California license [] was driven by an oriental male.

On February 1, 1977, SF T-14 advised that the above automobile had been leased to one [redacted] on January 26, 1977, at the San Francisco International Airport (SFIA). [redacted] had leased this vehicle on [redacted] and listed his business as [redacted] USA, Inc. He also furnished a New York address of [redacted] New York. In addition, [redacted] also provided his New York Driver's License Number [redacted] expiration date [redacted] as further proof of identification.

b6
b7C

SF T-14 advised further that [redacted] returned the above vehicle on January 29, 1977, at which time he leased another [redacted] a late model [redacted] California license [redacted]. This vehicle was due back at SFIA on February 9, 1977. At the time [redacted] leased the second vehicle, he provided his local address as the Belair Hotel, Berkeley, California.

b6
b7C

Upon their return to San Francisco, [redacted] and the two LOPRC officials ate lunch together at the Yang Sing Restaurant, 671 Broadway, San Francisco.

b6
b7C

After lunch, [redacted] drove [redacted] and [redacted] back to the Holiday Inn where they returned to their room at 2:33 p.m. Later that afternoon, at approximately 3:30 p.m., [redacted] and [redacted] left their room and proceeded by elevator to the Chinese Cultural Center. They remained there for about two and a half hours before returning to their room at 5:50 p.m.

b6
b7C

At 6:30 p.m., [redacted] and [redacted] left their room and met [redacted] at the front entrance to the Holiday Inn. They entered [redacted] vehicle and proceeded directly to [redacted] residence, [redacted] California. At [redacted] home, [redacted] and [redacted] were [redacted] guests for dinner. This dinner was a small, private affair only attended by [redacted]

b6
b7C

While [redacted] and [redacted] were inside [redacted] home, a late model [redacted], bearing [redacted], was noted to pass [redacted] residence on three separate occasions. Inasmuch as [redacted] lives in a high residential, affluent neighborhood, and in view of the hour of the evening, the vehicle's passing was deemed significant and its license plate noted.

SF T-5 was later able to determine the nature of [redacted] discussions with [redacted] and [redacted] during their dinner together on January 27, 1977.

N According to this asset, [redacted] spoke Cantonese and Mandarin Chinese. Of the two individuals, [redacted] appeared to be in charge.

b6
b7C

During their discussions they talked about the PRC Archeological Exhibition which was previously shown in San Francisco. At that time five museum curators from the PRC attended the exhibition. One of those curators was [redacted]. According to [redacted] is now the [redacted] in the PRC.

b6

REFERENCE

On February 19, 1980, SA [] contacted [], Associate Professor, University of Maryland, College Park, Maryland. [] advised that he first met the applicant when both were attending the National Taiwan University, Taipei, Taiwan approximately 25 years ago. They manage to contact each other one or two times a year so have retained a close relationship. [] said he has no reason to believe the applicant is an agent for the Chinese government nor does [] feel the applicant is so inclined. [] did point out that both he and the applicant have visited China since the renewal of regular diplomatic affairs between the U. S. and China, but this was because both were interested in seeing their birthplace and distant relatives rather than political. [] said the applicant is a very capable scientist and intelligent individual. His character, morals, loyalty and associates have been b above reproach. [] recommended the applicant for a position of trust and responsibility with the government.

Synopsis: On 4/8/80, [REDACTED] and [REDACTED], Archives Department, University of Louisville, Louisville, Kentucky, verified applicant's education at National Taiwan University, Taiwan, Free China.

- RUC -

DETAILS:

On April 8, 1980, [redacted] and [redacted] Archives Department, University of Louisville, Louisville, Kentucky, provided access to CHANG-LIN TIEN's permanent file. This file contained a transcript from the National Taiwan University, Taiwan, Free China, which was stamped with the University seal and had a photograph attached, stating that TIEN had been enrolled in the Department of Mechanical Engineering since October, 1951, and "would graduate in July, 1955, if he could successfully complete the required courses". A supplemental transcript revealed the following averages for TIEN:

b6
b7c

Freshman Year - 79.04 and 78.04
Sophomore Year - 71.70 and 78.09
Junior Year - 82.65 and 81.28
Senior Year - 85.13 and 83.88

60 was a passing grade and TIEN received a "Superior" for his thesis.

The file also contained a letter certifying that TIEN completed the senior middle school course at The Taiwan Provincial Chian-Kuo Senior Middle School, Taipeh, Taiwan, China, in June, 1951. This letter recommends TIEN as "honest and trustworthy all the time".

TIEN's application to the University of Louisville reflected a home address of 2 Lane 77, Nangchow Road (S), China.

He was actually the third or fourth choice. First had been a restaurant owner from San Francisco Chinatown, and second had been Tien Chang-lin, Professor at the University of California, Berkeley. Both these men declined to serve because they were busy and did not want to become embroiled in Chinese (i.e. Chinatown) politics. (C)

(U)

Asset has talked to the consular officials in San Francisco recently. He feels they do not give direction to the NACA. Rather, the people in NACA, and in other Chinese Organizations, try to carry favor with the PRC officials, or to control the officials (i.e. where to locate the consulate, whom to deal with, etc.), in order to gain status and influence in the Chinese community. They cannot work cohesively because the main members are continually trying to jockey each other out of position to gain exclusive trust from the officials. The officials are aware of this and are polite to all, but can show no particular favoritism. (C)

(U)

There was a reception being given Thursday, December 14, 1979, 5:00 to 7:30 p.m. at the St. Francis Hotel to celebrate the opening of the consulate. The hotel will serve as a temporary consulate until permanent quarters can be obtained. Asset says invitations have gone out already, and no doubt the long time PRC supporters, such as the NACA leadership, have been invited. (C)

Title: CHANG-LIN TIEN
LEVEL II - PAS

Synopsis: Initiation of full-field background investigation (FFI) on captioned candidate.

Administrative: BUDED is 06/24/1998.

NOTE: As a result of discussions with representatives of the White House (WH), for which the FBI conducts FFIs, changes in certain procedures/policy involving those FFIs have been made. These changes must be followed when conducting WH FFIs (including Presidential appointments requiring Senate confirmation for Federal judgeships and certain DOJ positions). The changes are addressed below.

All WH FFIs conducted by the FBI are initiated within the 161 classification except as follows: FFIs for certain Federal judgeships, and all DOJ positions requiring Senate confirmation, are initiated under the 77A subclassification. These FFIs vary in scope depending upon the position for which the candidate is being considered. They are conducted using only the SF-86 and its accompanying release forms.

In 9/95, the SF-86 and one of its accompanying release forms were revised. Additionally, a second accompanying release form was created to be used when obtaining medical information about a candidate. As a result of instructions issued by the Office of Management and Budget regarding these revisions, and other considerations, SIGBIU management contacted WH

representatives to discuss the scope of our FFIs, especially with respect (although not limited) to the areas of mental health and alcohol related counseling, prior illegal drug use, prescription drug abuse, and other drug activity. As a result of these discussions, changes in certain policy involving FFIs conducted by the FBI for the WH have been made. These changes are addressed below and must be followed in this FFI, and all future FFIs conducted for the WH, unless otherwise instructed by the SIGBIU, FBIHQ. Except for these changes, investigation in all other areas addressed in these FFIs is to remain the same.

RECEIVING OFFICES ARE TO ENSURE THAT A COPY OF THIS EC IS PROVIDED TO EACH INDIVIDUAL (I.E., BUREAU EMPLOYEE OR BICS SPECIAL INVESTIGATOR) CONDUCTING INVESTIGATION IN CAPTIONED MATTER. Additionally, when sending followup leads to other field offices/BICS Regions not known to be involved in captioned matter, "ensure" that a copy of this EC is provided to those field offices/BICS Regions.

To the extent that they do not conflict with the policy/procedure changes herein, the investigative guidelines set forth in MIOG, Part I, Sections 77 and 161, and Part II, Section 17, are to be referred to for assistance in conducting investigation in captioned matter. However, to the extent those guidelines are in conflict with the changes, the guidelines are to be disregarded and the changes followed.

POLICY CHANGES

I. CANDIDATE INTERVIEWS

Regardless of the scope, i.e., the timeframe, to be addressed in candidate's FFI, the "INITIAL" candidate interview is to address each of those areas set forth in MIOG, Part II, Section 17-5.6(1)(a)-(n), for the candidate's entire adult life, i.e., since his/her 18th birthday, EXCEPT FOR COUNSELING. Only information pertaining to counseling received by the candidate "WITHIN THE SCOPE OF THE FFI (but not prior to his/her 18th birthday)" is to be solicited and addressed, and then, only as specifically set forth below under the "COUNSELING/COUNSELOR INTERVIEWS" section.

When addressing each of the areas with the candidate, he/she is to be advised that responses to all questions asked are to address candidate's entire adult life (i.e., since his/her 18th birthday), except for counseling which must be addressed as set forth in Section II, "Counseling/Counselor Interviews", below. The fact that questions addressing each of the areas were asked, as well as candidate's responses thereto and knowledge of their scope, must be clearly set forth in the FD-302 reflecting the

To: Albany From: Administrative Services
Re: 161B-HQ-1252651, 05/27/1998

results of the candidate's interview.

If the candidate refuses to answer any question, that is to be clearly set forth in the FD-302 reflecting the results of the candidate's interview. An effort should be made to obtain from the candidate an explanation for refusing to answer and, if provided, the explanation is also to be reported in the FD-302. If the candidate refuses to provide an explanation, that also is to be reported. Thereafter, no further efforts to obtain a response to the question candidate refused to answer should be made, unless instructed by SIGBIU, FBIHQ.

II. COUNSELING/COUNSELOR INTERVIEWS

A. Counseling information to be solicited from the candidate is to be limited only to that information set forth in questions 21 and 25 of candidate's SF-86, except that the information is to cover "only" the scope of candidate's FFI (but not prior to his/her 18th birthday). For example, if the scope of candidate's FFI is 15 years, then counseling information solicited from the candidate, and to be addressed in the FFI, must be limited to the last 15 years or since candidate's 18th birthday, whichever is less. Counseling which occurred outside the scope of the candidate's FFI is "not" to be solicited or addressed, unless otherwise instructed by SIGBIU, FBIHQ. NOTE: The new policy also prohibits marriage, family, or grief counseling from being solicited and addressed, except where violence by the candidate is involved.

B. For interviews of counselors, a copy of an executed "Authorization for Release of Medical Information" form must be utilized. NOTE: The questions which can be asked of counselors are limited. In addition to verifying the dates of the counseling, the questions asked are to be "limited only to the three questions set forth on the aforementioned release." The counselor is to be instructed to provide only that information he/she believes is responsive to each of the three questions. Each question is to be specifically asked and answered, and responses to each clearly reported in the FD-302/insert reflecting the interview results.

Because information concerning counseling is limited to the scope of the FFI, if the candidate voluntarily provides counseling information which occurred outside the scope of the BI, that information is to be fully explored with the candidate only during his/her interview, recorded and reported. However, no additional investigation is to be conducted concerning the information, unless instructed to do so by SIGBIU, FBIHQ. The fact that the information beyond the scope of the FFI was volunteered by the candidate, and not solicited (except as

To: Albany From: Administrative Services
Re: 161B-HQ-1252651, 05/27/1998

further explored with the candidate) by the FBI, must also be clearly set forth in the FD-302 reflecting the results of the candidate's interview.

III. THIRD-PARTY INTERVIEWS

The area of bias and prejudice is to be addressed during interviews of persons knowledgeable of the candidate in "all" 161 classification FFIs. Prior policy required that this area be addressed only in FFIs involving Presidential appointments.

Ensure to conduct investigation as set forth under the "Lead(s)" section herein and/or as marked on the enclosed SF-86.

Field offices/BICS Regions are reminded that neither the investigative status of a background investigation nor any deadlines are to be disclosed to the candidate or any interviewees. Candidates making inquiries of the status of their investigation are to be referred to the client entity.

Direct results/questions to PSS Proctor, supra. Advise SIGBIU (PSS [] and appropriate field offices of any derogatory information in accordance with MIOG, Part II, Section 17-5.1(1). FEDERAL BUREAU OF INVESTIGATION

Date of transcription 06/10/98

On June 4, 1998, CHANG-LIN TIEN, 1451 Olympus Avenue, Berkeley, California, 94708, was advised of the identity of the interviewing agent and the purpose of the interview, that being to assure that complete, current and accurate information is available concerning the Candidate to facilitate a thorough background investigation as requested by the Department of Justice. TIEN was advised that the questions asked would pertain to age 18. TIEN was advised that the investigation would not be confined to biographical information, but would be directed toward identifying any information known by the Candidate that would have a bearing on her suitability for Federal employment and/or access to classified information.

TIEN was provided a copy of his SF-86 signed and dated by him on May 21, 1998. Each question on the SF-86 was addressed with TIEN. TIEN advised that the written responses to each of the questions which he had completed are accurate and correct to the best of his knowledge and recollection.

TIEN advised that since age 18 he has not abused alcoholic beverages. TIEN advised that since age 18 he has never illegally used any controlled substance, abused prescription drugs, or been involved in the illegal purchase, manufacture, trafficking, production, transfer, shipping, receiving or sale of any controlled substance. The Candidate also has never illegally used a controlled substance while employed as a law enforcement officer, prosecutor, or courtroom official; while possessing a security clearance; or while in a position directly and immediately affecting the public safety.

TIEN advised that since age 18 he has not consulted with a mental health professional or another health care provider about a mental health related condition (other than marital, grief or family counseling not related to violence caused by him), or an alcohol/drug related condition.

TIEN believes that he is current on all federal, state and local taxes, which include but are not limited to income taxes, Medicare taxes, social security taxes, employee withholding taxes and unemployment taxes. TIEN stated that he has never made back

payment of any such tax.

TIEN advised that since age 18 he has not been the subject of any professional complaints or any nonjudicial disciplinary action, e.g., bar association grievances, Better Business complaints, student or military disciplinary proceedings, or Equal Opportunity complaints.

TIEN advised that since age 18 he has never been involved in any business or investment circumstances that could involve/have involved conflict of interest allegations.

TIEN advised that he is not aware of any activity or conduct in his background that could be used to influence, coerce, compromise or pressure him in any way, or that could have an adverse impact on his character, reputation, judgement, discretion, trustworthiness, responsibility or loyalty to the United States, or which he believes would, could or should affect his suitability for Federal employment or access to classified information.

TIEN advised that he has no credit problems, he has never had any property repossessed, he has never been delinquent on any student loans, he has never had any debts placed for collection, and he has never filed for bankruptcy protection.

TIEN advised that he has not been a party in any civil suit as plaintiff or defendant, including divorces.

TIEN advised that he has not been involved in any criminal matter, as suspect or subject, or any criminal charge, arrest and/or conviction.

TIEN advised that he has never been denied employment or dismissed from employment in the Federal sector.

TIEN advised that he has not had any contact with representatives of foreign countries.

TIEN advised that he has never had any involvement in any organization which advocates the use of force to overthrow the U.S. Government, or any involvement in the commission of sabotage, espionage or assistance of others in terrorism.

[redacted], would need to be contacted to determine if there were any complaints against the Candidate. The State Board of Education (916) 657-2451, as well as the Board of Regents (510) 987-0700, both advised that any complaints regarding the Candidate would not be filed with them. Both advised that the University be contacted for any records of complaints and/or investigations.

b6
b7C

The Personnel file of the Candidate had three sections. The first included letters of commendation from various persons, honorary degrees that the Candidate has received, appointment letters to various positions at Berkeley, and numerous sabbatical letters from the Candidate requesting leaves of absence from Berkeley to visit other schools or do research work.

The second section of the file was comprised of the Candidate's salary information, from his arrival at Berkeley on July 1, 1959 to the present. The Candidate's current salary is \$160,000 per year.

SALARY

The third section included an annual "biography" of the Candidate, which listed for each year he has been at Berkeley the courses he taught, papers written, lectures given, etc. A current, complete resume was also included in this section, which listed all of the Candidate's works that have been published. These include 12 books, 25 articles, and 294 papers, in the field of mechanical engineering.

There was no derogatory information found in the file

regarding the Candidate.

Interviews

Eight persons, consisting of current and former supervisors and colleagues, present neighbors, references, professional associates, and social acquaintances, were interviewed. They provided favorable comments concerning Mr. Tien's character, associates, reputation, and loyalty.

It should be noted that five neighbors were interviewed and commented that Mr. Tien was a good neighbor; however, they were unable to make a recommendation inasmuch as they were not familiar with him.

All persons interviewed during the course of this background investigation, with the exception of those mentioned above, stated they are unaware of any illegal drug use or alcohol or prescription drug abuse by Mr. Tien, nor have they ever known him to exhibit any type of bias or prejudice against any class of citizen or any type of religious, racial or ethnic group. They also commented that they believe Mr. Tien lives within his financial means. None of the individuals contacted was aware of any information concerning Mr. Tien that could be used to compromise or coerce him. All persons interviewed with the above exceptions recommended him for a position of trust and responsibility.

Among those interviewed are the following:

Financial Responsibility

A search of computerized credit records, which was conducted at FBI Headquarters in May, 1998, disclosed no pertinent information concerning Mr. Tien.

Law Enforcement Agency Checks

Information has been received from appropriate law enforcement agencies indicating their files contain no information concerning Mr. Tien.

Miscellaneous

A search of NEXIS, a computerized news retrieval service, disclosed the following information concerning Mr. Tien:

On two occasions since 1993, [redacted]
[redacted] wrote to Mr. Tien seeking help in gaining admission for three prospective students, [redacted] to the university in 1994. Both of [redacted] requests (letters) received personal response from Mr. Tien, who thanked [redacted] and told him his requests had been forwarded to the admissions office. On December 12, 1995, Mr. Tien wrote "I assure you that their applications for admission will receive careful consideration and hope that we can grant them a favorable outcome."

b6
b7C

It was also disclosed that one of the relatives received preferential treatment in response to [redacted] request. The university admitted the student even though a required test score arrived late. The rest of her application met university standards; so, eventually, did the test score. [redacted] University of California, Berkeley, California, acknowledged that the student would have been rejected had it not been for [redacted] intervention.

b6
b7C

In a January 4, 1994, letter [redacted] thanked Mr. Tien "for all you have done to my family and myself." Later that year [redacted] toward construction of a new chemistry building.

Mr. Tien stated that the gift was in no way linked to the admissions. He stated that he routinely forwards such letters to a special committee in the admissions office that deals with VIP requests. Mr. Tien advised that he responds to everyone and that this was the only way to keep himself in good rapport with supporters and alumni etc. Mr. Tien stated that they have so many people giving the university money that he didn't think [redacted] that much.

b6
b7C

Chang-Lin Tien

A copy of that article, from The Washington Post, dated December 14, 1996, is attached.

During an interview conducted with the FBI on June 4, 1998, Mr. Tien advised he was a member in an organization whose policies restrict membership on the basis of sex, but he has never been a member of an organization which restricts membership on the basis of race, color, religion, or national origin. Mr. Tien stated that he was a member of the Bohemian Club, San Francisco, California, for approximately one year. Mr. Tien resigned from the club in May of 1998. The Bohemian Club is a men's club which does not allow female membership.

Mr. Tien also advised that he had a limited background investigation done several years ago for the Nuclear Regulatory Commission (NRC). Mr. Tien stated that he was never employed by the NRC - he was a consultant to them. Mr. Tien advised that he no longer does consulting work for the NRC.

Agency Checks

During the course of this background investigation, the records of the following entities were checked and found to contain either no record or no pertinent information concerning Mr. Tien, unless otherwise noted in this summary memorandum:

Central Intelligence Agency;
Defense Clearance and Investigations Index;
Department of Energy;
Environmental Protection Agency;
Nuclear Regulatory Commission;
Office of Personnel Management;
Public Integrity Section and appropriate United States Attorneys,
Department of Justice;
United States Secret Service;
and the White House Office.

Searches of the various indices of the FBI, including but not limited to the central index maintained at FBI Headquarters, the index of the Criminal Justice Information Services Division (Mr. Tien by fingerprints and other known identifying data; Mr. Tien's close relatives by name and other known identifying data only), the indices of appropriate field offices and other appropriate computer data bases, did not identify any documents that contain pertinent information identifiable with Mr. Tien, his close relatives.

*Mr. Tien was the subject of a background investigation conducted by the FBI in April, 1980. The results of that investigation are incorporated

Chang-Lin Tien

in this summary memorandum. During the course of that investigation, nine individuals were interviewed and provided favorable information concerning him. Mr. Tien stated during the 1980 background investigation that he did not desire to have any contact with the FBI and questioned the FBI's right to ask questions about Peoples Republic of China (PRC) scholars, stating they were all legitimate scholars involved in purely academic pursuits. He expressed his belief the the FBI was continuing to harass Chinese academians like himself just as was done during the 1950's. He stated that he did not desire to have any contact with the FBI unless there were a clear threat of an overthrow of the U.S. Government by someone with whom he was acquainted.

Other than the background investigation mentioned above, Mr. Tien was not the subject of additional FBI files located; however, he was referenced in a number of FBI files. Most references related to his sponsorship of Chinese students. **A 1982 reference was located which described him as "very pro-Peoples Republic of China (PRC)" and as "hostile towards the FBI and Central Intelligence Agency." The original source of that assessment could not be located.

It should be noted that results of the above indices searches reveal only data entered into those indices as of the date each was searched. However, it should also be noted that some delays may occur as to the entry of such data.

HEADLINE: Riady Helped Kin Enter UC-Berkeley; Indonesian Magnate Wrote to Chancellor

BYLINE: Peter S. Goodman, Special to The Washington Post

DATELINE: BERKELEY, Calif.

BODY:

The Indonesian businessman at the center of the controversy over foreign campaign contributions has used his influence to gain his relatives admission into one of the nation's most prestigious universities.

Letters obtained this week show that, on two occasions in the last three years, Mochtar Riady, chairman of the Jakarta-based Lippo Group, wrote to Chang-Lin Tien, chancellor of the University of California at Berkeley, seeking help in gaining admission for three prospective students. Riady donated \$ 100,000 to the university in 1994.

The university blacked out the names of the students mentioned in the letters, citing privacy concerns. But in an interview, Tien confirmed they are members of Riady's family. The Clinton administration is considering appointing Tien as energy secretary. Riady did not respond to several requests for comment.

Both of Riady's letters received personal responses from Tien, who thanked the Indonesian magnate and told him his requests had been forwarded to the admissions office. "I assure you that their applications for admission will receive careful consideration and hope that we can grant them a favorable outcome," Tien wrote on Dec. 12, 1995.

Two of the women were admitted to Berkeley, and a third student is taking supplementary classes in hopes of gaining admission, said assistant chancellor John Cummins.

One of the relatives received preferential treatment in response to Riady's request, Cummins said. The university admitted the student even though a required test score arrived late. The rest of her application met university standards; so, eventually, did the test score. Cummins acknowledged that the student would have been rejected had it not been for Riady's intervention.

Several University of California regents have used their influence to gain admission for relatives and friends, according to the Los Angeles Times. The Riady case appears to fit this pattern of favoritism.

In a Jan. 4, 1994, letter, Riady thanked Tien "for all you have done to my

family and myself." Later that year, Riady donated the \$ 100,000 toward construction of a new chemistry building.

Tien said the gift was in no way linked to the admissions. He said he routinely forwards such letters to a special committee in the admissions office that deals with VIP requests.

"I respond to everyone," Tien said. "That's the only way to keep myself in good rapport with supporters and alumni and so on. . . . We have so many people giving us money. I don't think \$ 100,000 means that much." The university receives thousands of similar letters every year, he added.

Tien said he has met Riady only once, during a fund-raising trip to Indonesia about five years ago. Since then, he said, he has arranged a university tour for Lippo associates visiting California from Indonesia.

In a Nov. 28, 1995, letter, Riady apologized for missing a special university fund-raiser held on the Indonesian island of Bali earlier that month. The event drew 150 people, many of them Berkeley alumni and representatives of Asian corporations. Berkeley collected commitments for contributions totaling nearly \$ 20 million.

Riady noted that his son, James, attended the event and "gets much benefit in meeting with you." In the next paragraph, Riady asked the chancellor to speak with the university's admissions office about the two students and that university officials "grant them any assistance they might need."

Tien recalled seeing James Riady in Bali, but said he had not spoken with him at length. Tien counts among his friends John Huang, the former Lippo employee who became a controversial Democratic National Committee fund-raiser.
